Grant Updates:

We have applied for a grant through the 49'ers for funding for the agency as a whole, but we were declined due to many competitive applications.

We also applied for funding for our YES! program through Land O'Lakes, for which we have yet to receive a response. We are hoping to receive additional funds to continue hosting our annual Career Fair for D/HH youth.

Last Monday we submitted our United Way of Fresno grant for our Family Services Program, and we hope to receive a positive response soon.

Last week our Salinas staff, Rochelle and Wayne, met with Monterey Foundation regarding our GOALS grant submission as they did a site visit, and we are hoping they will continue funding our GOALS program. We are changing the focus to elementary age students.

Program Updates:

On Sept. 11th, our DOR team met with Rudy Maynard, Debbie Rose, and Sheila to discuss and review our proposed ILS program curriculum, but Debbie wanted some revisions made before the program is approved. We're now revising the curriculum per her recommendations, so we hope to obtain her approval soon so that we can begin offering ILS services as one of our DOR fee-for services.

Trainings and Presentations:

I did a presentation with Dr. Nancy Delich for Dr. Robert's class at FSU about Advancement in Technology for the D/HH. There were about 80 students in the class, and because I had shared about our Ice Cream Social as part of our Deaf Awareness Week taking place that same evening, some of them came by DHHSC after the class. I appreciated them coming by and it was a great way to share about DHHSC's services and events.

On Sept. 19th, I provided training on Communication and Language Access for the D/HH for Central Valley Coalition of Human Services. I explained what "effective communication" means according to ADA and different accommodations needed by the D/HH.

Staff Training:

Last Friday we had Bonnie Gibson-Brydon here to provide training on Silencing the Negative Committee: Intuitional and Inferential Thinking. Her training was great because she provided tools on how to change negative thinking into positive and how to listen for and understand the speaker's message. This training will benefit our staff, especially in how we listen to our clients and truly understand what they are saying, underneath their anger or frustrations.

Meetings:

I had a great meeting with Dr. Janice Emerzian and Ryan Blodgett last Monday on how DHHSC can provide services to FCC's D/HH students. We would like to collaborate on how to most effectively serve the D/HH, and I have offered to send one or two DHHSC staff to FCC to provide services, such as document translation, such as filing for financial aid, and peer counseling. I look forward to when we begin this partnership because I would like to see more D/HH students finishing their courses at FCC.

Office Updates:

Because the complex that houses our Salinas office was recently purchased by new owners, we have been asked to relocate. Wayne, our Coordinator of Client Services, is now working with a real estate agent in searching for a new space, and as soon as one is found, I will be seeking both the Board's and DSS' approval. Goal is to continue providing services and not have a lapse. It is on a month-to-month right now.

Events:

On Sept. 21st, CADCV, FDE, and DHHSC hosted our 2nd Annual Deaf Community Picnic. We had approximately 150 people come, and we had fun, especially with the scavenger hunt whereby participants were given a list of things to find or act out with photos documenting the findings. The first 3 teams/families to complete the list received prize baskets. We had a Mexican lunch, with many of the items donated by local restaurants. We are very appreciative of the many donations we received to make this picnic successful. We would also like to thank CTAP, Sprint, and Sorenson in sponsoring this picnic. We are already planning for next year's picnic, but hopefully in conjunction with the 2nd Annual Soak Me Pah!
