

THANK YOU FROM DHHSC!

Although we are still counting donations coming in for this year's #GivingTuesday, we are thrilled to share that so far, we've raised over \$7,000, thanks to all your donations! Your support this year has been astounding, and we are truly touched by your generous support.

The funds we raised this year will support DHHSC's educational and entertaining events for our Deaf and Hard of Hearing Community, both in person and online. In times like these, every dollar of support goes a long way to make these events possible. We live to serve, which is why we invest so much heart into what we do, because we care about you, our community!

Thank you once more for every ounce of support you gave us. Caring individuals, such as you, really came through for our community!

Please know that today, on #ThankYouWednesday, we are appreciating the outpouring of support that we have received from our community.
