

# “366 New Days; 366 New Chances”

## Motto

Each day is a new beginning, and we need to remember that even if a day brought bad moments, or if we messed up, the next day is a fresh start. We get to start over the next day with a clean slate. Do not let the previous day pull you down or damper your outlook. We get 366 fresh “starts!” We also strive to encourage and motivate people to work hard and embrace a positive outlook on life. This year happens to be a leap year, which means we have the privilege of appreciating our 366 new days and 366 new chances. Life begins anew each day!

Let’s achieve our goals in 2024-2025!
