

Board of the Directors President's Transcript

Hi everyone, I am Nicole Soyland. My name sign is the letter "N" on the side of my cheek. I am the DHHSC Board of Directors president. Some of you may have seen Michelle, our current Executive Directors video.

Recently, she announced that she is going to resign from the position of Executive Director and her last day is June 30th. We, the board, are saddened because Michelle has been working for DHHSC for so many years and is deeply immersed in our community. Her heart is poured out into DHHSC and all of us. She works hard and has been very active with DHHSC and I know she will continue to be with DHHSC. At the same time we the board are very excited and fully support Michelle and wish her the best on her next journey and we are looking forward to seeing what she plans to do and we are fully behind her.

The reason I am posting this video is that it's part of the board's responsibility to look, find, and hire the next Executive Director. It's a big job indeed! If you happen to have qualifications that match on the job posting posted on the website for this available position of Executive Director, have a heart, care for DHHSC, new ideas wanting to improve DHHSC as an agency, motivation to stay with DHHSC for long time, and as Michelle mentioned wanting to connect with the community and to keep the whole community connected, I highly encourage you to go ahead and apply NOW.

We will start the process very soon. Where to apply? On www.dhhsc.org and take a look at the job requirements and what is required, to gather your documents, and submit to the board email at board@dhhsc.org. We as a board are keeping an eye on the emails everyday checking for the emails. I encourage you to apply now! If you have questions you can email at the board email too. We are very eager to meet you and see who you are. We hope to find a good Executive Director to continue with us and our agency. We want the best for our community.

Thank you for watching. Bye!
